First scripts

A wide-angle photograph of a Norwegian fjord. The water is a deep blue, reflecting the sky and the surrounding mountains. On the right side, a red and white ferry boat is moving across the water, leaving a white wake. The mountains are steep and rugged, with some snow visible on the peaks. The sky is a clear, vibrant blue with a few wispy white clouds. The overall scene is peaceful and majestic.

Daily tasks

A 3D rendered robot with a magnifying glass over its eye, holding a pen, with a small human figure in the background. The robot is grey and has a large, round head. The human figure is also grey and is wearing a suit and tie, carrying a briefcase. The background is white with faint, stylized lines.

Infrastructure Blueprints – Adding Pre-deployment Validations

Posted by Ravikanth C on June 28, 2017 | 1 Comment

In one of my earlier articles here, I wrote about the Infrastructure Blueprints project. Over the weekend, I published an update this project. Renamed Hyper-VConfigurations composite resource module to HyperVConfigurations. This is a breaking change. Added SystemConfigurations composite resource module containing one composite configuration that includes domain join, remote desktop,...

The image shows a vast, multi-story library atrium. The architecture is highly ornate, featuring classical columns, decorative moldings, and intricate metal railings on each level. The walls and balconies are filled with floor-to-ceiling bookshelves packed with books. At the top, a large, multi-paned skylight allows natural light to illuminate the space. The ground floor has a checkered tile pattern and some furniture, including a table and chairs. The overall atmosphere is one of grandeur and intellectual pursuit.
